# PLASTİK TARİHİ

1930'ların ortalarında, ilk kez plastikler, kimyacılar tarafından üretilen ilk plastiklerdir.

1. Panel: A scientist in a white lab coat stands next to a large piece of machinery. A speech bubble says: "Bu makineyi kullanarak, ilk kez plastik ürettik!"

2. Panel: A man in a blue shirt holds up a small, clear plastic object. A speech bubble says: "Bu plastik, çok dayanıklı ve kullanışlıdır!"

3. Panel: A man in a blue shirt is shown working with a large piece of machinery. A speech bubble says: "Bu makineyi kullanarak, ilk kez plastik ürettik!"

4. Panel: A man in a blue shirt is shown working with a large piece of machinery. A speech bubble says: "Bu makineyi kullanarak, ilk kez plastik ürettik!"

5. Panel: A man in a blue shirt is shown working with a large piece of machinery. A speech bubble says: "Bu makineyi kullanarak, ilk kez plastik ürettik!"

6. Panel: A man in a blue shirt is shown working with a large piece of machinery. A speech bubble says: "Bu makineyi kullanarak, ilk kez plastik ürettik!"

7. Panel: A man in a blue shirt is shown working with a large piece of machinery. A speech bubble says: "Bu makineyi kullanarak, ilk kez plastik ürettik!"

8. Panel: A man in a blue shirt is shown working with a large piece of machinery. A speech bubble says: "Bu makineyi kullanarak, ilk kez plastik ürettik!"

9. Panel: A man in a blue shirt is shown working with a large piece of machinery. A speech bubble says: "Bu makineyi kullanarak, ilk kez plastik ürettik!"

10. Panel: A man in a blue shirt is shown working with a large piece of machinery. A speech bubble says: "Bu makineyi kullanarak, ilk kez plastik ürettik!"
